Type **Consumer**

Product **Liquid for e-cigarettes**

Name **Rum Martini**

Brand **euliQuid**

Type / number of model **Rum Martini flavour - UN 1993**

Batch number **Lot EL07151**

Product description **Three plastic 10 ml bottles containing a liquid with nicotine (18 mg). The bottles are enclosed in a cardboard box with a transparent window.**

Risk type **Chemical**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The product contains nicotine (0.2%) yet the presence of nicotine is not adequately reported on the labelling. The bottle does not have a child-resistant safety closure, and it does not contain an adequate safety label bearing risk-related indications, safety advice or a tactile danger warning. The user therefore has no information on the dangers incurred when the product comes into contact with the skin. In addition, the label and the packaging can be misleading for consumers as it refers to a drink and is attractive to children because of its drawings and pictures. The product does not comply with the requirements of Directive 1999/45/EC relating to the classification, packaging and labelling of dangerous preparations.**

Name **Delts**

Brand **Unknown**

Type / number of model **M923; 377 mm; Deluxe 217 466**

Batch number **8585023390465**

Product description **Decorative oil lamp made of transparent glass and metal in silver colour. Packed in a white cardboard box with a picture of the product.**

Risk type **Chemical**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The design of the product allows easy access to the lamp oil. Children can reach the lamp oil and drink it which can cause lung damage if swallowed. In addition, the lamp is not sufficiently stable and if it is placed on an inclined surface, it may overturn and break easily. If the hot glass is touched it could cause burns and injuries. The product does not comply with the relevant standard EN 14059 and the REACH Regulation.**

Product **E-cigarette charger**

Name **Wall to USB Adapter**

Brand **Clearsmoke**

Type / number of model **Unknown**

Batch number **Unknown**

Product description **USB adaptor with LED light, for charging E-cigarettes.**

Risk type **Electric shock**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The electrical insulation is inadequate. The internal connections are not sufficient and rely upon solder to maintain their position; a loose wire could reduce the creepage distances and clearances. The adaptor is not designed to withstand foreseeable overloads and the pins are inadequately sized which could cause damage to the socket and the adaptor resulting in live parts being exposed. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 61558 and the relevant national standard.**

Product **Toy pushchair**

Name **Love Baby My Lovely**

Brand **Unknown**

Type / number of model **3286B**

Batch number **2014090006505**

Product description **Pink folding pushchair with pink patterned textile seat. The packaging is a transparent bag with a cardboard label.**

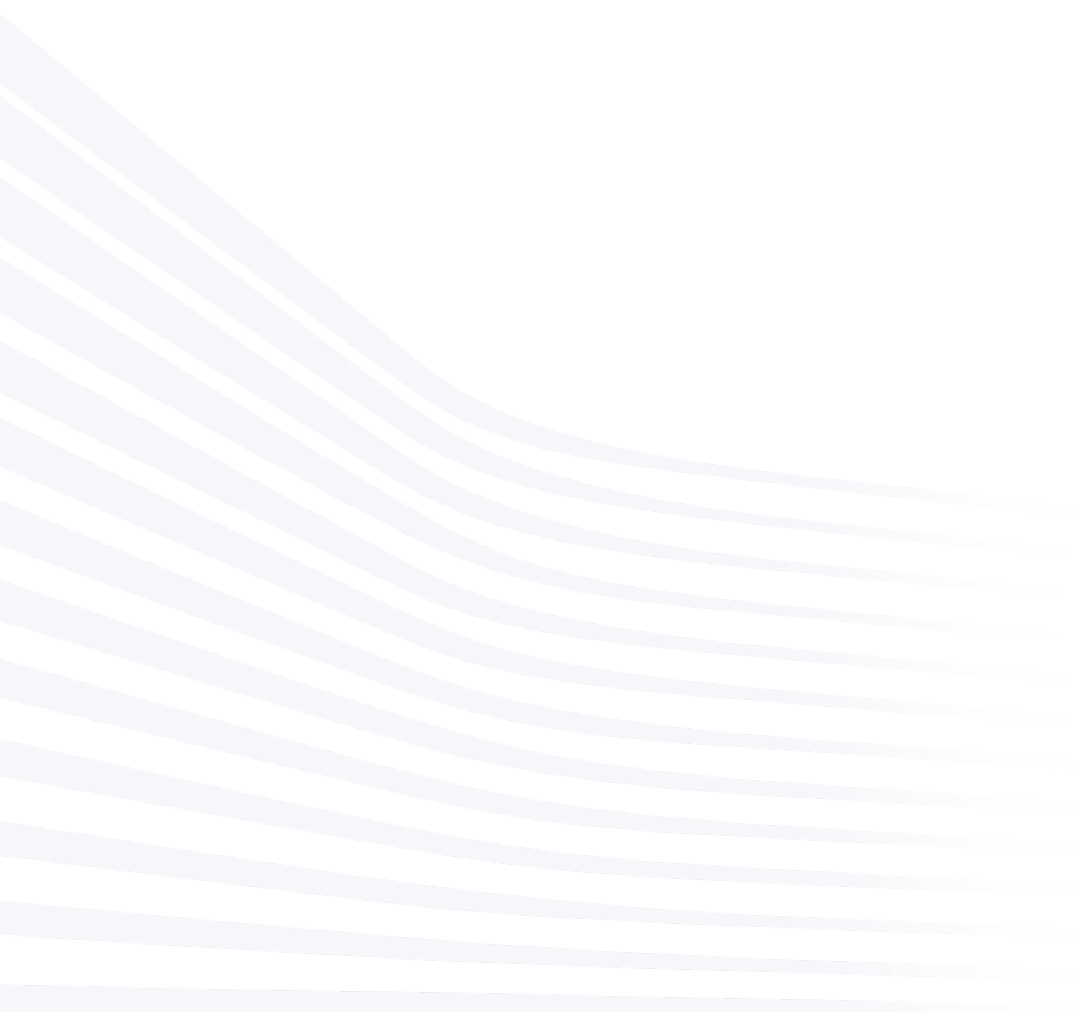

Risk type **Injuries**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The safety lock and the frame are not sufficiently resistant to load and can easily release and break respectively, causing the pushchair to collapse. This may cause injuries to children. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.**

Name **Electric Firecracker**

Brand **Bangreen**

Type / number of model **202-2K**

Batch number **6564987990029**

Product description **Lighting chain, length 1.2 metre. Voltage 230VAC, Current 2A.**

Risk type **Electric shock**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

**There is no means of cord anchorage in the main control box and there is access to live parts through holes in the main control box once the paper cover is removed. The firecracker units are insecure; the end cap can be removed exposing live parts. The lighting chain cable has inadequate insulation. As a result of these defects, the product poses a risk of electric shock. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.**
