Product Baby recliner

Name Unknown

Brand Préma Distribution

Type / number of model BR-01B - RENATO

Batch number Unknown

Product description Baby bouncer chair/recliner.

Risk type Entrapment
Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply Fingers and feet can become trapped between the frame and the foot rest and pose a risk of entrapment. The lack of stability of the recliner can cause a child to fall out and suffer contusions and pose a risk of injuries. Carry handles can break when the recliner is being transported and pose a risk of injuries to young children. The product does not comply with the relevant standard EN 12790:2009 on Child use and care articles - Reclined cradles

Product Magnetic fishing toy

Name Fishing challenge

Brand Unknown

Type / number of model Item N° 14168

Batch number 1141608220007

Product description Plastic fishing game consisting of a green and yellow rod with magnetised hook and fish fitted with a metallic part to stick to the hook. The game is packaged in plastic attached to cardboard.

Risk type Choking
Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product poses a risk of choking because small parts can easily be detached and swallowed by children. In addition, the end part attached to the fishing rod contains a small magnet with a high magnetic flux and can become easily detached. If a child swallows this part and other metallic objects, they could attract one another causing intestinal blockage or perforation. The product does not comply with the

requirements of the Toy Safety Directive and with the relevant European standard EN71-1.

Art. nr: 12561

Batch number

9 005551 019588

Product description

The product consists of three separate plug adapters which can be plugged into each other. It has a USB output.
Packaging: cardboard box

Risk type

Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

Single-pole insertion of plugs is possible leaving live pins accessible. The insulation is not sufficient between the primary and the secondary circuits. Live components are fixed by plastic elements which are made of combustible material. The product does not comply with the requirements of the Low Voltage Directive and the relevant standards IEC 60884 and EN 60950.
