Name **Electric Brewing Pot**

Brand **IQ**

Type / number of model **EK-240**

Batch number **S/N:2400 7110362 / 5205505005290**

Product description **Coffee maker consisting of two parts. The first part is a metallic coffee pot with a lid and a handle on the side. The second part is a plastic base with a plug cord on the side. Packaged in a cardboard box.**

Risk type **Burns**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **In the event that the product is operated beyond a certain time, the pot could overflow when it has been lifted from the base. There is consequently a risk that the user may be scalded. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60335.**

Product **Fixative for false nails**

Name **Unknown**

Brand **Yes Love**

Type / number of model **3 g and 8g**

Batch number **8435255202183**

Product description **Fixative for false nails, 8 g and 3 g, packaged in a transparent plastic bag with label bearing the bar code, information in Spanish on the importer and the ingredients.**

Risk type **Chemical**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product contains cyanoacrylate yet the packaging does not have an adequate safety label bearing risk-related indications in the national language or a correct pictogram as required for chemical mixtures. The user therefore does not have the necessary information on the dangers incurred when the product comes into contact with the skin or if it is ingested. The product does not comply with the requirements of Directive 1999/45/EC relating to the classification, packaging and labelling of dangerous preparations.

Product **Plug adaptor**

Name **Rockt's Head / Universal Adaptor**

Brand **Hjt**

Type / number of model **HJTNO 1238**

Batch number **Unknown**

Product description **Plug adaptor with white plastic casing. Can be used to connect many different plug types to a power socket-outlet. Collective packaging: colourful cardboard box**

Risk type **Electric shock**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **Single-pole insertion of a plug is possible leaving the free remaining live pin of the plug accessible. Plugs for devices which should be earthed (Class I protection) can be inserted into the socket-outlet part of the adaptor but the protective earth circuit continuity is interrupted. The side socket contacts of the adapter are too close to the covering so they can be touched directly. The product does not comply with the relevant standard IEC 60884.**

Product description

Rechargeable LED head torch. A battery charger and an elastic head strap are attached to the product. Supplied with a mains cable. Packaging: colourful cardboard box.

Risk type

**Electric shock
Fire**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

Live parts of the LED panel and the device connector terminal sockets are easily accessible. The cross-sectional area of the cores of the internal wires is too small and in case of a short-circuit the internal wires may overheat. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60598.

Brand **Bost**

Type / number of model **LD-078C**

Batch number **6 949312 800059**

Product description **LED head torch supplied with a charger ("TRAVEL CHARGER" with marking: S/N:uR2W415HS/T) and an elastic head strap. Packaging: white cardboard box**

Risk type **Electric shock**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The insulation of the charger is inadequate. The dimensions of the casing of the mains plug part of the charger are too small which could result in the user accidentally touching the live pins when inserting the charger into a socket outlet. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60335.**

Product **Rechargeable torch**

Name **PowerZoom**

Brand **ORKIA**

Type / number of model **OK-0212LED**

Batch number **6 902255 502121**

Product description **Rechargeable torch with 1 LED. The battery can be charged via the built-in plug with telescopic pins. A plug adapter is supplied with the product. Packaging: colourful cardboard box.**

Risk type **Electric shock
Fire**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply **The pins of the built-in plug and plug adapter do not have an insulating collar. The plug adapter allows single-pole insertion of a plug, leaving the remaining free live pin accessible. The cover for the LED can be removed by hand during charging, leaving live parts accessible. The cross-sectional area of the core of the wires is insufficient: in case of a short circuit the wires may overheat and can cause a fire. The heat and flame resistance of the insulating material that hold the pins of the built-in plug in position is insufficient. The product does not comply with the requirements of the Low Voltage Directive and the**
