Brand Watt and Co Nomade

Type / number of model CV12-220-150

Batch number 3760110680550

Product description Power converter, 12V to 230 V, intended for vehicles equipped with a lighter socket.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The creepage and clearance distances between the windings are too small. The soldered connections do not have any supplementary fixing which could lead to a wire becoming loose. As a consequence, there is a risk of a short circuit which could lead to the user receiving an electric shock. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60950.
