Product **Power supply for electronic cigarettes**

Name **Power Adapter**

Brand **E-Lites**

Type / number of model **ZAN002-wall-UK**

Batch number **0609132557200**

Product description **Power supply for electronic cigarettes. The product comes is a white and red cardboard package.**

Risk type **Electric shock**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The plastic material holding the plug pins of the power supply is not sufficiently resistant to heat. The soldered conductors at the main contacts are not properly positioned or fixed and rely upon the soldering alone to maintain their position. These defects could lead to the user getting an electric shock. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60950.

Product **Plastic doll**

Name **Fashion Happy**

Brand **Sweet Fashion**

Type / number of model **No.8328**

Batch number **8585201426474**

Product description **Plastic doll supplied with various clothes.**

Risk type **Chemical**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The head of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 20% by weight). This phthalate may harm the health of children, causing possible damage of the reproductive system. Furthermore, it contains diisononyl phthalate (DINP) (measured value: 0.75% by weight). According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles while the phthalates DINP, DNOP and DIDP are prohibited in toys or childcare articles that can be placed in the mouth by children.

Product description

Bottle, 30 ml

Risk type

Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The ink contains barium (measured value 6200 mg/kg). Soluble barium salts can be absorbed from the tattoo and have toxic effects. Barium toxicity can lead to cardiac arrhythmias, respiratory failure, gastrointestinal dysfunction, paralysis, muscle twitching, and elevated blood pressure. The Council of Europe Resolution ResAP (2008)¹ on requirements and criteria for the safety of tattoos and permanent make-up, recommends that barium in tattoo inks does not exceed 50 mg/kg. The product does not comply with national legislation.
