Product Ladder

Name Steel Home

Brand EURO GOLD

Type / number of model Art. 215

Batch number 7640114034985

Product description Steel ladder supplied in plastic packaging.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The ladder (the steps and the ends) is not sufficiently resistant to load, which may cause the ladder to break: the user may fall and suffer injuries. The product does not comply with the relevant European standard EN 131-2.

Product Plastic toy

Name Unknown

Brand Feifei Toys

Type / number of model Unknown

Batch number 6952426522335

Product description Squeazable pink toy owl with big ears and a squeaking mechanism, packaged in a plastic net with cardboard label.

Risk type Chemical
Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The toy contains a small part (squeaking mechanism) that can easily be detached. A child could put it in the mouth and choke on it. In addition, the ears of the owl protrude and may block the airways if put in the mouth. Moreover, the owl contains di-(2-ethylhexyl) phthalate (DEHP) (measured valued 14.1 % by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation, the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare

articles. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Product Mains extension lead

Name Power Adaptor

Brand LUCKY HAWK

Type / number of model JJL-029

Batch number Unknown

Product description White and light blue cord extension set for 3 plugs, with earth contact, a switch and a 2 metre cable. Packaging: transparent plastic bag with cardboard label.

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply Single-pole insertion of plugs is possible, leaving live pins accessible. There is no earth wire in the cable between the sockets and the plug meaning that the sockets are not earthed. The cross-sectional area of the conductors in the cable is not sufficient and the cable can overheat. The product does not comply with the requirements of the Low Voltage Directive and the relevant standards IEC 60884 and MSZ 9871.

Product Toy scooter

Name Scooter - Folded Slider

Brand Unknown

Type / number of model Unknown

Batch number Unknown

Product description Blue, foldable toy scooter, two wheels (diameter of the front wheel: 97.5 mm), made of metal with a friction brake on the rear wheel. The product is supplied in a green cardboard box.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The front wheel is too small and could easily get stuck in holes in the ground while a child is riding causing the child to fall and suffer injuries. In addition, the diameter of the handlebar ends is too small. If a child falls on them, this may cause injuries. The stability of the steering column is not sufficient and, under load, the steering column could bend. Finally, there are accessible gaps between moving parts and accessible sharp edges, which may cause injuries to the fingers. The product does not comply with the requirements of

the Toy Safety Directive and the relevant European standard EN 71-1.

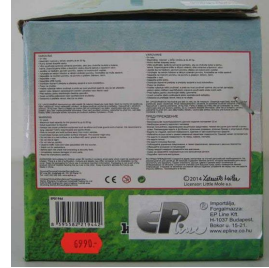

Country of origin People's Republic of China

Product Toy scooter

Name Krtek - Scooter with a Little Mole

Brand Epline

Type / number of model EPO1944

Batch number 8595582219442

Product description Green and orange scooter, three-wheels, made of plastic and metal. The height of the handlebar is adjustable. Load capacity: 20 kg. The product is supplied in a colourful cardboard box.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The minimum recess depth of the adjustable handlebar is not marked: therefore if the handlebar is lifted too high, it may slip out while a child is riding the scooter. This may cause the child to fall and suffer injuries. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.
