Product **Wooden cot**

Name **Julia**

Brand **Basson**

Type / number of model **Unknown**

Batch number **703486180086**

Product description **Child's wooden cot, supplied in a cardboard box.**

Risk type **Injuries
Strangulation**

Legal provisions (at EU level)
and European standards
against which the product was
tested and did not comply

The locking system of the movable side is not adequate. If a small child presses down on the edge of the bed, the locking mechanism may release, with the risk of the child passing over the top and falling, leading to injuries. Moreover, the snag points in the corners of the cot could pose a risk of strangulation if the child's clothing gets caught. In addition, there are gaps and holes in which a child can entrap his/her fingers and the label with safety warnings and instructions for use is not in English or the national language. The consumer therefore does not have the necessary information about appropriate and safe use of the product. The product does not comply with the relevant European standard EN 716.
