Product Children's travel cot

Name Unknown

Brand Lorelli

Type / number of model Model: Zippy 2 layers, Rose & Grey, art. No. 10080031412

Batch number 3800151953753

Product description Travel cot with bassinet. There are 2 levels: for sleep and play. The cot folds up into compact dimensions and is supplied with a bag.

Risk type Injuries  
Suffocation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The travel cot may easily overturn if the child presses down on the edge of the bed, with the risk of the child passing over the top and falling to the floor which can lead to injuries. There are also accessible points where the child's fingers could be pinched. Also, the velcro holding the base of the bed (mattress) detaches too easily and a small child could pull on it and get trapped underneath, with the risk of suffocation. The product does not comply with the relevant European

standards EN 716-1/2.

Product Children's cot

Name Unknown

Brand Lorelli

Type / number of model Model: Dream, art. No. 10150410002, beech

Batch number 3800151951322

Product description Children's cot, dimensions 60 x 120 cm. The cot has elevator bars with 2 levels and automatic fixing in the upper position. There is a big single drawer. It can be transformed into a cot-cradle or a school desk. The cot is supplied without a mattress.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The locking system of the movable side of the cot is not adequate. If a small child presses down on the edge of the bed, the locking mechanism may release, with the risk of the child passing over the top and falling. Also, the sides of the cot are not high enough and the child could go over the top and fall, leading to injuries. The product does not comply with the relevant European standard EN 716.

Product Rechargeable torch

Name POWER STYLE / POLICE1000W

Brand BAILONG

Type / number of model Q8637

Batch number 8 518384 086364

Product description Battery-powered torch with 1 LED. Supplied with a battery charger which has foldable pins. A plug adapter is supplied with the product. Packaging: cardboard box.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The pins of the plug adapter do not have insulating collars. The plug adapter allows single-pole insertion of a plug, leaving the remaining free live pin accessible. The insulation between the primary and the secondary circuits of the charger is not sufficient. The product does not comply with the requirements of the Low Voltage Directive and the relevant standards EN 60335 and IEC 60884.

Product Battery charger

Name CHARGER EXPERT

Brand JIABAO

Type / number of model A-612

Batch number 6 933450 700654

Product description White battery charger for charging AA, AAA, and 9V batteries. Packaging: blister.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The dimension of the mains plug of the battery charger is inadequate and as a result live parts are accessible during connection. The mains cable of the battery charger is not fixed properly to the primary side of the charger so it may become loose exposing the live wires. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60335.

Product Sunglasses

Name Sunglasses

Brand Cloud

Type / number of model 6590

Product description Black-framed sunglasses with attached cardboard label bearing the following: CE, Category 3, UV protection.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The right lens of the sunglasses has a category 4 protection filter but the labelling indicates category 3. The required warning for category 4 sunglasses 'Not suitable for driving motor vehicles or road use' is missing. There is a difference in light transmission between the right and left lenses which could impair the user's vision. A road accident could result if the consumer used the sunglasses while driving. The product does not comply with the Personal Protective Equipment Directive and the relevant European standard EN 1836.
