Product LED lamp

Name LED Mini Party Light

Brand Rainbow Walker

Type / number of model RW-399

Batch number X00EXX4QD

Product description LED edison screw lamp with internal revolving reflector, supplied in a printed cardboard box.

Risk type Electric shock

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The metal nut at the top of the lamp could become live due to flashover and the lamp can easily come apart giving access to internal live parts. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 62560.

Product Electric blanket

Brand Casa Vetro

Type / number of model TT150x80-8X-1

Batch number 5290656054730

Product description Electric blanket, 150x 80 cm, supplied in a cardboard box.

Risk type Health risk / other

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The electric blanket can be connected directly to the power supply without the control unit. If used in this way, the electric blanket will overheat and a vulnerable person could suffer heatstroke. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standard EN 60335.

Product Toy puzzle clock

Name Puzzle Reloj EVA

Brand Arte Regal

Type / number of model Reference: 15530

Batch number 8430852155306; Lot 08/2013 - year 2013

Product description Foam clock puzzle made for children of +18 months

Risk type Choking  
Suffocation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The hands of the clock become detached easily, releasing small parts (the hands). A small child may put them in the mouth and choke. Moreover, the plastic bag of the packaging is too thin. If a child plays with the packaging, the plastic can cover the mouth and nose causing the child to suffocate. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Product Children's tracksuit

Brand EDEFA

Type / number of model Reference XG-19

Product description Children's tracksuit in blue and grey, consisting of a jacket with a hood containing drawstrings and trousers containing drawstrings in the waistband.

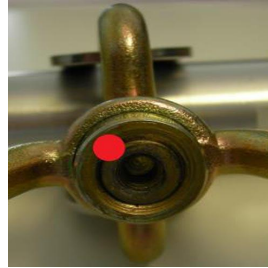

Risk type  
Chemical  
Injuries  
Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product contains azo-dyes releasing the aromatic amines 3,3'-dimethoxybenzidine (measured concentration 224 mg/kg) and benzidine (measured concentration 140 mg/kg). When the product is in direct and prolonged contact with the skin, this aromatic amine may be absorbed by the skin. Aromatic amines can cause cancer, cell mutations and affect reproduction. Moreover, the drawstrings in the hood and in the waist area of the tracksuit may become trapped during various activities of the child, leading to strangulation or injuries. The product does not comply with the REACH Regulation and with the relevant European standard EN 14682.

Alert number A11/0022/16

Notifying country Romania

Product category Machinery

Type Consumer

Product Gate closer

Brand Assa Abloy

Type / number of model MAB 620C

Batch number 8022342677100  
Affected products are manufactured in 2015 and 2016.

Product description Gate closer to be used in external gates. The mechanism has a sliding arm and is designed for gates with a width of 1 meter.

Risk type Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The metal body of the mechanism can fracture when under tension (opening over 90 degree angle): this may cause the spring or pieces of metal to be ejected, hitting users and causing injuries. The product does not comply with the requirements of the Machinery Directive.
