Name 200 LED

Brand MOHNE POWER CO

Type / number of model 23140238-211147 (power supply ref.: MHDEO - 06001000)

Batch number 8712442116356

Product description Electric lighting chain with 200 multi-coloured LEDs, for indoor and outdoor use and supplied in transparent plastic packaging with a coloured label on a black background.

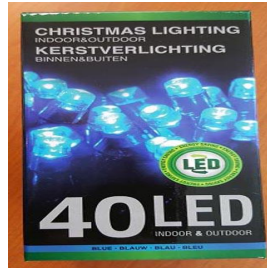

Risk type Electric shock  
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The creepage distances and insulation clearances between the primary and secondary circuits are too small. This can lead to the user receiving an electric shock from parts becoming live. Moreover, the cables are not sufficiently resistant and can sever, possibly causing a fire. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standards EN 60598 and EN 61558.

Product Puffer ball toy

Brand Creaciones Gravi

Type / number of model T 15-0036

Product description Octopus-shaped puffer ball with a light inside and an elastic cord. The product is green and has appendages that look like tentacles with different coloured tips. Packaging: the product is presented in 12-unit display boxes.

Risk type Choking  
Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply Small parts can be detached from the toy (the nose and the tips of the 'tentacles'), and the elastic cord can be considerably stretched during use. As a result, children could try to swallow the small parts and choke, or the cord could get wrapped around the child's neck, causing strangulation. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Product Ink for permanent make-up

Name Permanet Makeup Color

Brand Goochie

Type / number of model 218 Coconut brown

Batch number MFG: 2015/05/03, EXP: 2016/05/12

Product description Ink for permanent make-up in a milky white plastic bottle with printed adhesive label and white screw cap and white protective cap. Capacity: 15ml. Packaging: white printed folding box.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The ink contains nickel (measured value: 22 mg/kg), arsenic (measured value: 6.8 mg/kg) and lead (measured value: 3.3 mg/kg). Nickel can cause skin irritation and induce sensitisation or elicit allergic responses, arsenic is carcinogenic and exposure to lead is harmful for human health and can cause developmental neurotoxicity. The Council of Europe Resolution ResAP (2008)<sup>1</sup> on requirements and criteria for the safety of tattoos and permanent make-up,

recommends that the content of nickel in tattoo inks be as low as technically achievable and the levels of arsenic and lead do not exceed 2 mg/kg. The product does not comply with national legislation.

Notifying country	France
Product category	Cosmetics
Type	Consumer
Product	Skin lightening cream
Name	Perfectwhite - Crème de Beauté clarifiante ('Clarifying beauty cream')
Brand	Dream Cosmetics
Batch number	C1/22592-B / 6 181100 530391 Production: 08/15; Expiry: 08/17
Product description	Skin cream in a white plastic jar with a green plastic screw cap.
Risk type	Chemical
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product contains clobetasol propionate (measured concentration 0.04 % by weight). Clobetasol is a corticosteroid that should be applied to the skin only if prescribed to treat certain skin conditions. In addition to the skin lightening effect, it can induce a skin rash and burning at the application site and long-time exposure could lead to endocrine problems. The product does not comply with the Cosmetic Products Regulation.

Product	Passenger car
Name	Note
Brand	Nissan
EC-type approval/model	EC type-approval mark: e11*2001/116*0268*03; Type: E11
Production dates	The vehicles concerned were manufactured in 2012 and 2013.
Product description	Passenger car.
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	Activation of the driver's airbag may cause an abnormal increase in the internal pressure of the gas inflator and, in extreme cases, cause the casing of the gas inflator to break. This means that there is an increased risk of injury for the occupants.

Product Baby mobile

Name Jocund Baby

Brand ANGELEI TOYS

Type / number of model Item No.: HL2011-2

Batch number 6915250168414

Product description Baby mobile with 4 birds made of plastic, supplied in a cardboard box.

Risk type Choking  
Suffocation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply Parts of the mobile (e.g. blue ring, small pink, green and blue balls) may break or detach and generate small parts. A small child could put the small parts in the mouth and choke on them. The plastic of the packaging is too thin: if a child plays with the packaging, the plastic can cover the mouth and nose causing the child to suffocate. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Product Girl's fancy-dress costume

Name Caperucita Roja Infantil

Brand Nines d'Onil

Type / number of model Ref. D567; size 2, 5 to 7 years.

Batch number 8435054365720

Product description Little Red Riding Hood costume for children aged 5 to 7.

Risk type Injuries  
Strangulation

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The costume has cords with free ends in the neck area and excessively long cords at the waist. The cords could get caught in vehicles or play-areas. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 14682.

Production dates	Vehicles manufactured between 2013 and 2016 are affected.
Product description	Passenger car.
Risk type	Injuries
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The seams of the front, seat-back covers may have been sewn incorrectly in the area of the side airbag. As a consequence, the seams are too close together and sewn too tightly so that, in the event of an accident, it is possible that the side airbag will not be deployed correctly.

Type Consumer

Product Plastic toy fan

Name Mist Spray Fan

Brand Unknown

Type / number of model ref No. 2120068739

Batch number 5900851687397

Product description Giraffe-shaped toy fan made of pink plastic. The blades of the propeller are made of soft plastic; the bottom part of the toy is a fluid container (no liquid inside). On the side of the giraffe's head there is a small crank handle.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The toy breaks easily, generating small parts (crank handle, cap of fluid container). A child may put the small parts in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.

Product Wooden cot

Brand Amal II

Type / number of model ROSA / Reference 1413408

Product description Wooden cot.

Risk type Entrapment  
Injuries

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The bars of the cot can detach and a child could fall through the gap created. In addition, the gaps between the bars at the base of the cot are too large. While playing a child could put its arms through the bars and become trapped. The product does not comply with the relevant European standard EN 716.

Product Silicone remover/cleaning agent

Name Heimwerk - Silikon Entferner

Brand HG

Type / number of model Batch No: 6602704/290

Batch number 8711577011116

Product description Internal packaging: 0.1 L brown plastic pot with white label and white screw top. External packaging: white cardboard box with red and blue printing.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product contains 10-20% 1-Ethylpyrrolidine-2-on, which is toxic to reproduction, and (R)-p-Mentha-1,8-diene, which is skin irritating, but it lacks the required labelling and warnings. The safety data sheet does not properly state the risks connected with the product, thus users are not sufficiently informed of the dangers of the product. The product does not comply with the REACH regulation and with the Regulation on the classification, labelling and packaging of substances and mixtures (CLP).
