Product Toy gun

Name SUPER GUN FALCON ASSAULT

Brand Assault

Type / number of model model Y802, ref. JRS16144

Batch number 2567726161449

Product description Toy gun set including projectiles with suction cups and water balls to be fired. Packaging: a cardboard box with transparent window.

Risk type Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The suction cup of the projectile can easily detach. If a child puts the projectile in the mouth, the suction cup can detach leaving the airways obstructed. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.

Product Water pistols

Name BLASTER WATER SHOOTER

Brand Qi Feng Toys

Type / number of model Ref 4283

Batch number 8435114942830

Product description Water pistols made of foam in various colours with animal heads (a brown dog and a blue hippopotamus) on top. Packaging: they are packed in bulk in a cardboard box.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The plastic animal heads on the toy contain di-(2-ethylhexyl) phthalate (DEHP) (measured value more than 20% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.

Product Decorative soap with plastic duck

Brand Aux Temps des Savons

Product description Small red-beaked yellow duck on a cupcake-shaped soap, supplied in a transparent plastic box fastened with an orange ribbon with white dots.

Risk type Chemical
Choking

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The plastic material of the duck contains di-(2-ethylhexyl) phthalate (DEHP) (measured value 26% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. Moreover, the duck is small enough to be put in the mouth by children which can cause them to choke on it. According to the REACH Regulation, DEHP, DBP and BBP phthalates are prohibited in all toys and childcare articles. The product does not comply with the Toy Safety Directive and the relevant European standard EN 71-1.

Product Princess fancy dress set

Name Princess Fairy Wing

Brand Princess Secret

Type / number of model Art. 285772

Batch number 6410412857729

Product description Princess set includes tiara, sceptre, hairpiece and a transparent plastic handbag. All items in the set are packed in a plastic handbag with turquoise handles, heart shaped gem, and silver coloured cardboard.

Risk type Chemical

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The plastic material of the handbag contains cadmium (measured value: 1300 mg/kg) and di(2-ethylhexyl)phthalate (DEHP) (measured value: 0,32%). In addition, it contains diisononylphthalate (DINP) and diisodecylphthalate (DIDP) (measured values: 17 % and 0,36% respectively). Cadmium is harmful to human health, because it accumulates in the body and can damage organs and/or cause cancer. According to the REACH Regulation the phthalates DEHP, DBP and BBP are

prohibited in all toys and childcare articles, while phthalates DINP, DIDP and DNOP are prohibited in toys or childcare articles that can be placed in the mouth by children. The product does not comply with the REACH Regulation.

Product Headlamp with battery charger

Brand Engelsson

Type / number of model Lamp: 3725, Battery charger: YS08401000

Batch number 7330213094743

Product description Headlamp with two lamps. The headlamp is powered by batteries and comes with a battery charger. This notification concerns the battery charger delivered with the headlamp.

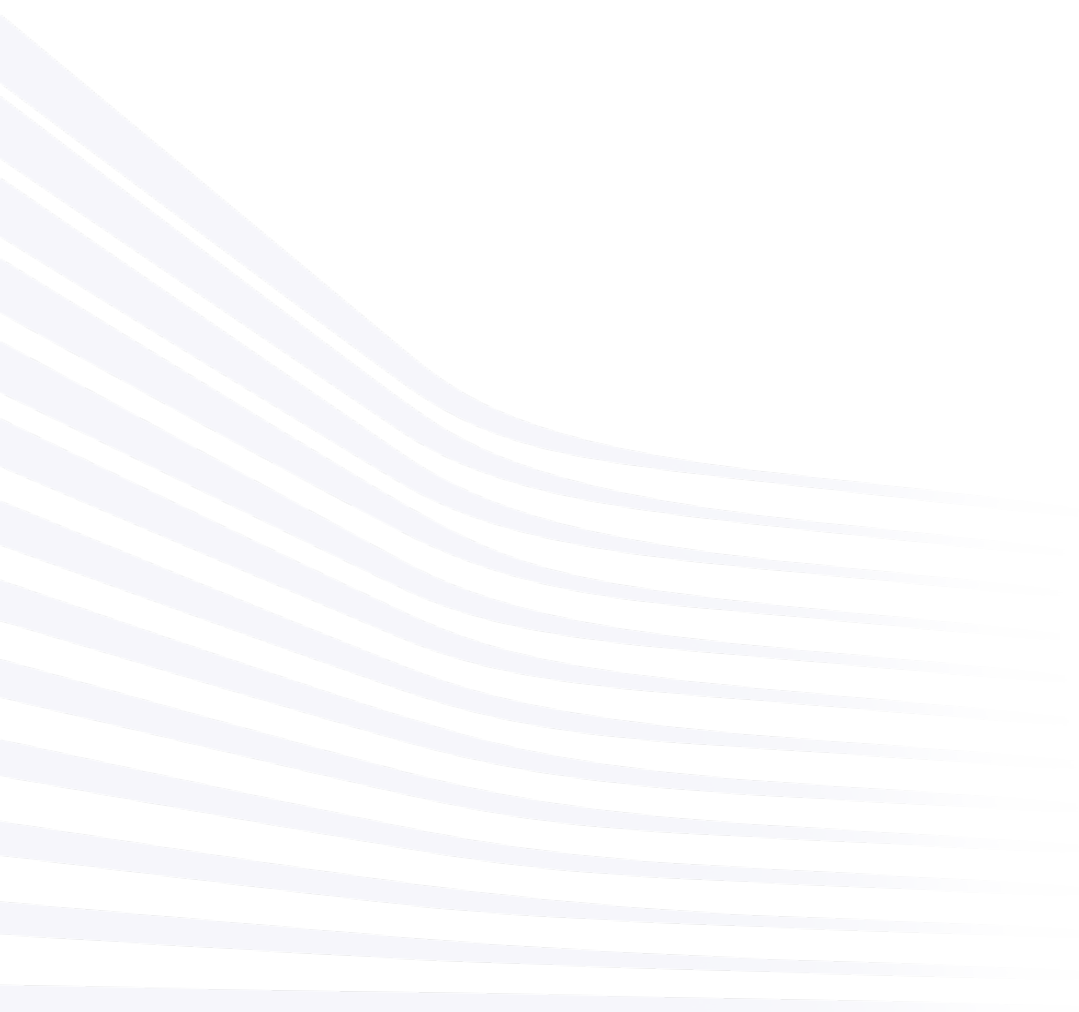

Risk type Electric shock
Fire

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The electrical insulation of the battery charger is not sufficient. The creepage distance between the primary and secondary circuits is too small. This may cause an electric shock or generate a fire. The product does not comply with the requirements of the Low Voltage Directive and the relevant European standards EN 60335.
