Packaging description **Cardboard box.**

Brand **Unknown**

Type / number of model **HP1015XX**

Batch number **sI25090241138087889**

Product description **Soft toy, in the shape of a Niffler creature, with a gold-
finish crown and a beaded necklace. Product sold online, in
particular via Shein.**

Risk type	Choking Injuries Strangulation
Risk description	The toy contains small parts (beaded necklace and left leg) that can easily detach. A small child may put them in the mouth and choke. Moreover, the crown's points may cause injuries to the child. Finally, the beaded necklace is too long. It can become wrapped around the neck of a child, leading to strangulation.
Legal provisions (at EU level) and European standards against which the product was tested and did not comply	The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.

Product description

Replacement cartridge for a disposable electronic cigarette, 30ml.

Risk type

Chemical

Risk description

The product has an excessive volume of nicotine-containing liquid (30 ml) and an excessive concentration of nicotine (50 mg/ml). This could lead to the accidental consumption of a high dose of nicotine. Nicotine is acutely toxic and can endanger the user's safety, notably if the product comes into contact with the skin or is ingested. Additionally, the product lacks an information leaflet. As a consequence, consumers cannot make informed decisions regarding the safe use of the product.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Tobacco Products Directive.

Product **Expandable toy**

Name **Skillmatics Aqua Puffs 'Watch Your Art Grow'**

Packaging description **Cardboard box.**

Brand **Skillmatics**

Barcode **8904279510043**

Product description **Aqua figures, made of paper, including a string and key rings, which grow when immersed in water.**

Risk type **Choking
Injuries**

Risk description **The product expands more than 50% in size when in contact with water. If a child puts the product in their mouth or swallows it, contact with saliva or stomach liquids will cause the product to expand, which can result in occlusion of the respiratory tract or intestinal blockage. Moreover, the product can generate small parts that can easily detach. A small child may put them in the mouth and choke.**

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the requirements of the Toy Safety Directive.
