Notifying country	Germany
Product category	Motor vehicles
Type	Consumer
Product	Passenger car
Name	Capri, Explorer
Brand	Ford
EC-type approval/model	e1*2018/858*00364*03-*05 (DRP)
Production dates	20.2.2025 - 10.11.2025
Company recall code	26S06
Product description	Passenger car.
Risk type	Injuries
Risk description	The rear axle joints may not have been tightened to the required torque during assembly. If an affected joint comes loose completely, the driver may notice a misalignment of the steering wheel when driving straight. In severe cases, the joint may fail without warning, resulting in a rear wheel losing directional control. Although the brakes remain functional, this instability could increase the risk of accidents.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

Product Hand dryer

Name Automatic Hand Dryer

Packaging description Blue and white cardboard box with an image of the dryer on the front.

Brand Modundry

Type / number of model GSQ-M-798ABS-S

Product description Wall-mounting hand dryer with attached wall plug. Product sold online, in particular via Amazon.

Risk type Fire

Risk description The product is supplied with a plug which does not contain a fuse link. The fuse is required to ensure the safe operation of the fuse under fault conditions, and its absence could lead to the plug overheating and/or exploding. Moreover, the separate adaptor supplied with the product also does not meet the dimensional requirements, leading to a risk of fire.

Legal provisions (at EU) The product does not comply with the requirements of the Low Voltage Directive.

Risk type Fire

Risk description Due to a defect of the engine control unit (inverter) in the vehicles fitted with electric double clutch transmission (e-DCT), metallic soldering residues may cause an internal electric short-circuits. This could lead to continuous power supply and overheating due to a blocked relay and cause a fire.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply The product does not comply with the Regulation on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.

Company recall code F60W

Product description Passenger car. VIN: ZARNASDA8N3000423 -
 ZARNASAA7T3112289

Risk type Fire

Risk description Vehicles fitted with the GSE T4 DOHC 1.5 l (160 hp) engine may suffer engine damage due to deformation or breakage of the connecting rod, resulting from abnormal combustion. This

may cause the vehicle to catch fire while in operation.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the Regulation on the approval and market surveillance of motor vehicles and their trailers, and of systems, components and separate technical units intended for such vehicles.

Product category Furniture

Type Consumer

Product High chair

Name DINE

Packaging description Cardboard box.

Brand MILLI

Type / number of model V1

Barcode 4752062157197

Product description High chair with plastic seat, backrest, tray, safety belts, footrest and storage basket. Legs made of (ø25-37) mm wood. The safety belt system is made of 25 mm wide textile belts with plastic locking devices. Plastic supports are installed at the ends of the legs. The basket support is made of (ø12.5) mm metal rod. The basket is made of textile, a thin rigid insert is inserted in the bottom.

Risk type Entrapment
Injuries

Risk description The gap between the seat and the pad is too small, which could cause the child's head or limbs to be trapped there. The

crotch blocker is too low and does not stop the child from slipping. The child could therefore fall and suffer injuries.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the General Product Safety Regulation nor with the European standard EN 14988.

Notifying country Malta

Product category Clothing, textiles and fashion items

Type Consumer

Product Children's shoes

Packaging description Plastic packaging.

Brand Unknown

Type / number of model 9NPW3D8D

Product description Rubber boots, intended for children, with a cartoon motif in different colours and sizes. All batches are affected. Product sold online, in particular via Joom.

Risk type Chemical
Environment

Risk description The plastic window inside the wallet contains excessive amounts of bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured values up to 0.12% and 31.6% by weight, respectively). These phthalates may pose a risk to human health and the environment. Moreover, the product has an excessive concentration of cadmium (measured value: 8.1% by weight). Cadmium is harmful to human health because it accumulates in the body, can damage the kidneys and bones and it may cause cancer.

The product does not comply with the REACH Regulation.
